

For Immediate Release

## NorthLANs Alliance Now Features Photo Gallery

Shakopee MN (April 2, 2003)

Minnesota based Internet Web Hosting Company NorthLANs Alliance is proud to announce the release of a new customer provided service, Photo Gallery. This new service is provided at no additional cost to customers of NorthLANs Alliance.

Gallery is a slick web based photo album written using PHP. With Gallery you can easily create and maintain albums of photos via an intuitive interface. Photo management includes automatic thumbnail creation, image resizing, rotation, ordering, captioning, searching and more. Albums can have read, write and caption permissions per individual authenticated user for an additional level of privacy. Give accounts to your friends and family and let them upload and manage their own photos on your web site!

To see a demonstration in action, visit <http://gallery.northlans.com>
